REFLECTION FROM THE DIRECTOR'S DESK

"I am pleased to learn about the forth coming issue of the College Newsletter; Ojas Jan-Jan 2022. The institute has progressed at an exponential rate since its inception in 1997. Many notable achievements have been recorded since then. This college Newsletter will help to showcase the activities that are happening on the campus. It also helps in building up team work which is very much needed today in their era of cut-throat competition. Since proper communication plays a vital role in an institution's development, this Newsletter will serve to reinforce and allow increased awareness, improved interaction, and integration among all of us. The plethora of interesting and exciting opportunities available to youngsters today often leaves them with an array of things to do. It is therefore important to help them build their focus on the subject that drains those most and gives shape to their vision. With these words, I appreciate the entire team of Ojas for their sincere efforts in bringing out this edition of Ojas Newsletter.

Warm regards,
Dr. Meenakshi Mazumdar
Director
ITM Gwalior

FROM THE DESK OF EDITOR-IN-CHIEF

Dear Readers

I hope that you all are staying safe and healthy during these Uncertain and unprecedented times. India's deadly Covid-19 second wave seems to have come at end and process of unlock has begun. On behalf of our editorial team, I would like to offer a word of thanks to our readers, contributors, authors all of whom have volunteered to contribute to the success of the Ojas Newsletter and also for its mission to improve the quality of the written communication. We are publishing our newsletter twice a year with a particular emphasis on quality. I am equally related to inform you all that Ojas has been contributing tremendously to improve the quality of expression.

Warm regards
Dr. Megha Lahane

Unforgettable memories of Holi

Holi-the day that rainbows color the earth...The radiance of loved ones' smiles and the sparkle of their eyes enrich us with the best that life has to offer! As we are still getting back to our feet in post-pandemic times, and sharing & feeling the pain, it's still and rather even more important to celebrate love, togetherness, joy, harmony, human bonding in a carefree, footloose kind of way. For us, Holi is more than a festival. It is an emotion and an expression. As Crazy as it can get.....we just don't want the day to get over. Thank u to all those who joined the celebration here at ITM Gwalior. Stay drenched under the showers of divine blessings.

COMPUTER SCIENCE ENGINEERING

Department organized an Alumni Interaction Webinar on the topic Advance Data Technologies in Demand on 2nd July 2022. The resource person for this session was Mr. Neelesh Bohre, Architect Lead Software Engineer PowerSchool India Pvt. Ltd, Bangalore. Students were made aware about brief information regarding Advance Data Technologies in Demand during the online session.

A Blockchain is a distributed database that is shared among the nodes of a computer network. As a database, a Blockchain stores information electronically in digital format. Blockchains are best known for their crucial role in cryptocurrency systems, such as Bitcoin, for maintaining a secure and decentralized record of transactions. The innovation with a Blockchain is that it guarantees the fidelity and security of a record of data and generates trust without the need for a trusted third party.

Beyond Classroom

IDEAPAD

IDEAPAD is the business incubator in ITM campuses. It is envisioned that if various streams of ITM group and students concentrate on solving issues related to the region, their communities, the success of these experiments can be scaled commercially into an enterprise.

RoliKesarwani - Design Thinking Expert

IDEAPAD conducted Design thinking workshop to help create outcomes based on creative thinking and analytical decision-making. This helped incubates to create user experiences that truly resonate with the users and deliver high business impact.

Ms. NidhiAgarwal - CEO | Design 'N' Buy

IDEAPAD conducted a live webinar on "Understanding the concept of Entrepreneurship". The same was delivered by the CEO, Ms. NidhiAgarwal of DESIGN 'N' BUY. It enlightened all incubates and students with the right kind of mindset and the key skills for an entrepreneur to possess. I must say it was ice breaking webinar that resulted in inspiring students and faculty with "I can do it" attitude

Mr. Sameer Gupta - Director, Haldivita, Indiaglocal, Cross Border Entrepreneurship, Mentor/Enabler Startups, Fin Consultant - Delivered expert talk on Marketing and Branding. Sameer sir brought to the table with him his extremely rich experience in the field of marketing and branding. He made the incubates and students get absolute clarity on how to market when to market and what to market and how to build a brand of your product/services ... One of the best sessions ever on Marketing and Branding!
